AVETI FLASH AVETI MATH LAB INAUGURATED IN DEOGARH DISTRICT

Aveti Math Lab is designed to address the challenges students face in understanding and mastering mathematical concepts.

Hello readers,

With the onset of monsoon, we are excited to present you with the second quarterly edition of Aveti Pulse. With the blissful advent of monsoon showers, Lord Jagannath, with his brother Balabhadra and sister Subhadra descended to Badadanda to set out on the world famous Rathyatra.

Well, in the midst of all of the festivities and events, the education of the children and their future is the most important goal. In the past three months, we have made a lot of progress toward our primary goal by way of a number of different initiatives, and a lot of ongoing programmes have also seen a lot of progress. In the districts of Balasore, Deogarh, and Bhadrak, Aveti's SmartClasses have been successfully installed. For the purpose of cultivating a love of reading in children and fostering their intellectual growth, we have launched a wonderful and ground-breaking initiative called the Aveti e-Library. In addition to this, a brand-new programme known as Aveti VR-Content has been implemented, which will offer children a different kind of educational experience. In addition to this, you will receive other key news from this quarterly compilation of Aveti Pulse.

*Paramvir Chakra,
Editor-in-chief*

5T SCHOOL TRANSFORMATION PROGRAMME

AVETI SMARTCLASSES WERE INSTALLED IN 94 SCHOOLS IN JAGATSINGHPUR DURING PHASE 3

We are thrilled to announce that during the months of May and June, Aveti Learning successfully enabled over 227 schools with our cutting-edge digital learning content! Our implementation and support team worked tirelessly, collaborating closely with more than 1600 passionate teachers to provide comprehensive training and support. Together, we have been able to revolutionize the learning experience for thousands of students across these schools.

With Aveti Learning's engaging and concept-aligned content, students now have access to a world-class education, irrespective of their location or background. From interactive video lectures to practice exercises, our digital learning resources are empowering students to master key concepts and excel in their academic journey.

At Aveti Learning, we believe that every child deserves a chance to thrive and succeed. Together, we are shaping a brighter future for the next generation through the power of digital learning.

BREAKING BARRIERS: AVETI LEARNING CONTENT EMPOWERING PRIVATE TUTORS IN RURAL AREAS!

In a remarkable stride towards inclusive education, Aveti Learning is proud to share that our content is now being embraced by private tutors in small towns and rural areas. These dedicated tutors, who play a vital role in shaping the educational journey of students in underserved communities, now have access to our comprehensive digital learning resources. With Aveti Learning, they can bring engaging and interactive lessons to their students, regardless of geographical constraints.

By leveraging our content, private tutors such as in Banapur, Cuttack Mahanadi Vihar and Nuapada are enhancing their teaching methodologies, making learning a captivating experience for their students. From concept-aligned video lectures to subject-specific practice exercises, Aveti Learning equips tutors with the tools to nurture a deep understanding of subjects and promote mastery-based learning.

We firmly believe that every child deserves access to quality education, irrespective of their location or background. Through the collaboration with private tutors in small towns and rural areas, we are bridging the educational divide and empowering students to reach their full potential. Together, we are transforming the educational landscape and paving the way for a brighter future.

Progress Dashboard for Learning

We are thrilled to introduce Aveti Math Lab, a revolutionary learning solution that aims to help students with various math concepts. Launched in Deogarh district in June 2023, Aveti Math Lab is set to become a marquee innovation that will benefit students across Odisha and beyond.

Aveti Math Lab is designed to address the challenges students face in understanding and mastering mathematical concepts. With its comprehensive features and promises, it aims to make math engaging, enjoyable, and impactful for learners of all levels.

One of the key features of Aveti Math Lab is its personalized practice tools. Students can access a wide range of interactive exercises and practice problems tailored to their individual learning needs. This personalized approach not only enhances concept clarity but also boosts confidence and motivation.

Real-time tracking of results is another standout feature of Aveti Math Lab. Students and teachers can monitor progress, identify strengths and areas for improvement, and track performance over time. This data-driven approach enables targeted interventions and personalized guidance, ensuring continuous growth and improvement. Aveti Math Lab promises to make math more interactive and experiential.

By launching Aveti Math Lab in Deogarh district, we are spearheading an educational revolution. We believe that this innovative learning solution will not only transform math education but also serve as a benchmark for other districts in embracing digital learning for better student outcomes.

Lab to improve Class X students' grades in Deogarh

EXPRESS NEWS SERVICE
@ Deogarh

IN a bid to provide additional guidance to Class X students and ensure more A-1 grades, the administration of Deogarh has started E-education and Mathematics labs in 5T schools across the district.

Besides, a special coaching programme has been introduced to enhance the academic performance of Class X students of the district. Deogarh collector, Somesh Kumar Upadhyay said, "The objective behind launching the programme is to improve the result and record at least 100 AI grades in the Class X board examination results in the district next year. This year, as many as 25 students of the district had secured A1 grade in the Class X examination. The E-education and Mathematics lab initiative has been implemented at 83 5T transformed schools in the district."

Additional district education officer (ADEO), Binod Singh said, "The lab will be instrumental in interactive learning of the students of Class IX and X in the schools. Bhubaneswar-based Aveti Learning group will provide the digital content for the e-learning and Mathematics.

Mathematics is an important subject for Class X students and the practical classes in the lab will help the students secure good marks in the subject and others,"

He said the special coaching programme has been launched for meritorious students who are capable of scoring A1 grade with a little more guidance. On the day of its launch, the potential students were evaluated and 460 selected for special coaching. "We have identified 9 nodal centres for the extra coaching and at least five senior and experienced teachers have been assigned to guide the students at the centres. The coaching classes will be held twice every month until the board exams next year. The doubts of the students will be cleared besides assessment conducted from time to time through mock tests. Parents and guardians will also be updated about the progress of their children," Singh said.

Collector Deogarh @Deogarhdistadmn · Jun 22

Today, Collector Deogarh inaugurated the special Coaching Camp for the meritorious students of Class-X of the District at Town High School, Deogarh. Also inaugurated the e-education & Mathematics Lab for all the 5T High Schools of Deogarh District.

UNLOCKING LIMITLESS LEARNING: EMBRACING VR FOR ODISHA STUDENTS!

Imagine a classroom where students can explore the depths of the ocean, travel to historical landmarks, or witness the wonders of the universe. Virtual Reality (VR) learning is revolutionizing education in Odisha, offering students immersive experiences that transcend traditional boundaries.

With VR, students can step into virtual worlds, making abstract concepts tangible and complex subjects more engaging. They can walk through ancient civilizations, dissect virtual organisms, or explore the intricate workings of atoms—all within the four walls of their classrooms. VR learning enables interactive experiences, fostering curiosity, critical thinking, and a deeper understanding of the subject matter.

In Odisha, Aveti Learning is at the forefront of this transformative journey. By developing cutting-edge VR content, they are empowering students to embark on immersive learning adventures. From rural areas to urban centers, students can now witness the magnificence of the world in ways they never thought possible.

As Odisha embraces the digital revolution in education, VR learning holds tremendous potential for shaping the future of learning. It opens doors to new horizons, expands possibilities, and ignites a passion for knowledge. Together, let's unlock the power of VR and provide every student in Odisha with an immersive and enriching learning experience.

Aveti Learning is making remarkable strides in digital learning across Odisha, and the establishment of the Baramunda Learning Center is a testament to their commitment. With a unique blend of traditional tutorials and digital education, Aveti is revolutionizing the way students learn in Odia. Equipped with a state-of-the-art digital classroom and desktops for assessments, the center provides an immersive learning experience for 40 to 50 students daily.

This milestone marks a significant step towards Aveti's vision of rolling out digital learning tutorials across the entire state, ensuring access to quality education for all. This underscores Aveti Learning's commitment to bridging the educational divide and empowering students with accessible and immersive learning experiences. As Aveti continues to roll out digital learning tutorials across Odisha, they are paving the way for a brighter and more inclusive future of education in the state.

AVETI WELCOMES NEW FACES ONBOARD

Sulagna Dash

Master teacher at Aveti Learning

I made the decision to join Aveti Learning and help the students because my interests matched that of the organization's philosophy and because it was linked to a worthy cause.

Shuvashish Naik

VR Content Developer

Aveti Learning provides me an amazing learner community along with its experienced facilities where we can build educational content for them. Aveti Learning encourages talent and push us to raise our bars.

Debasini Nayak

Customer Success Executive

I developed patience and determination at Aveti Learning. My work experience has helped me work efficiently and provide quality services regardless of the weight.

Sahana Narendran

UI/UX Designer

I have always wanted a career that is socially impactful. Further, as a homeschooler, I am particularly aware of how mainstream education can be made better. Aveti gives me a chance to fulfill both these aspirations of mine but letting me design a better education system for rural India

Chitransh Saxena

Software Developer

I joined Aveti, an edtech company, to be a part of their mission in transforming education through innovative technology solutions.

Sidhant Ku Raut

VR Content Developer

Aveti Learning is a platform that easily grants every student access to education while also acting in a very modest manner. I joined Aveti because of my interest in virtual reality and AVETI's commitment to offering education on this platform.

Sailesh Agarwal

AI and ML enthusiast

I joined Aveti as I found the motto of Aveti being aligned with my skills and my interest in working towards the welfare of students who don't have the facility of quality education.
